## **DETAILED ACTION**

## Response to Arguments

- 1. In response to applicant's arguments, the recitation "The present invention relates generally to a data transmission method in a VPN (Virtual Private Network), and in particular, to a data transmitting method to a mobile node over a VPRN (Virtual Private Routed Network)" has not been given patentable weight because the recitation occurs in the preamble. A preamble is generally not accorded any patentable weight where it merely recites the purpose of a process or the intended use of a structure, and where the body of the claim does not depend on the preamble for completeness but, instead, the process steps or structural limitations are able to stand alone. See *In re Hirao*, 535 F.2d 67, 190 USPQ 15 (CCPA 1976) and *Kropa v. Robie*, 187 F.2d 150, 152, 88 USPQ 478, 481 (CCPA 1951).
- In response to applicant's argument that Jung's reference fails to teach
   An End User wireless device interface, a software system which manages End
   Users profiles;

A software system to track events and track transfers between MVNOs.

Examiner respectfully disagrees. In the Jung's system the End User wireless device

interface has been interpreted as Foreign Agent (see fig.4, elements MN, 421, FA, 423),
a software system which manages End Users profiles (see fig.4, element 429,
paragraph [0030]);

A software system to track events and track transfers between MVNOs (see fig.4, element 419, 429 paragraph [0030]). Further the argument "the definition of a

MVNO...." in Remarks filed on May 05, 2006 page 2, such an argument is deemed more in detail than claims.

## Conclusion

3. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
